OVERVIEW

In a parallel universe called the Re-verse, everything is backwards. The Miraculous are not used for good, but for evil instead. In this universe, the holders of the Ladybug and Black Cat Miraculous are wicked, while the holder of the Butterfly Miraculous is good.

In the Re-verse, the Miraculous are controlled by a malevolent entity called The Supreme who uses them to perpetuate his own power. Shadybug and Claw Noir, the Re-verse supervillain versions of Ladybug and Cat Noir, have been tasked by the Supreme to recover the Butterfly and Peacock Miraculous, which were stolen by Gabriel Agreste and are now being used to give people hope.

The story begins when Re-verse Gabriel Agreste, who uses the Butterfly Miraculous to become Betterfly, “komikotizes” Alya into the superheroine Ubiquity, granting them the ability to travel into our universe to seek help from our Ladybug and Cat Noir.

Through the special, we learn more about the Re-verse version of Marinette and Adrien, who have not been as lucky as their good counterparts. Ladybug and Cat Noir not only have to face supervillains with the exact same powers as them, but must find within themselves to show their evil counterparts that a better world is possible, if you have empathy and hope.
